Assembly Instructions

INSTALLING THE SIDE LOCKER

Step 1: The Bluesteel Side locker can be installed on either side of a Kincrome Bluesteel trolley or compatible accessory. Once you have determined your preferred position, install the 4 x Adhesive EVA protectors on the side of the side locker that will sit against the trolley or accessory.

Step 2: With assistance open the side locker door and carefully lift into position. While holding in place, from inside the side locker use the 6 x provided hex bolts and wahsers to fasten securely.

REVERSING THE DOOR

The Side locker door can open in either direction depending on your preference.

Step 1: Open the side locker door, while holding onto the door to stop it from falling, pull the top and bottom door pins and lift the door off. Be careful not to lose the spacer on the bottom pin.

Step 2: Flip the door over to the opposite side. Insert the spacer onto what is now the bottom pin and repeat the previous step in reverse to reinstall the door on the opposite side.

SHELF ADJUSTMENT

Step 1: With an open hand, push up against the bottom of the shelf to disengage it from the locating tabs.

Step 2: Move the shelf to the desired position

Step 3: Push down on the shelf to lock it into the locating tabs
