Assembly Instructions

STEP 1:
The Bluesteel Side locker can be installed on either side of a Kincrome compatible Bluesteel trolley.
Once you have determined your preferred position, install the 4 x Adhesive EVA protectors on the side of the side locker that will sit against the trolley.

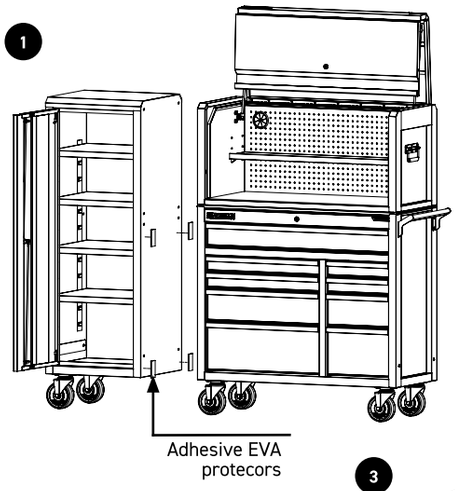
STEP 2:
Open the side locker and remove the box containing the castors. close the side locker and lock the door.

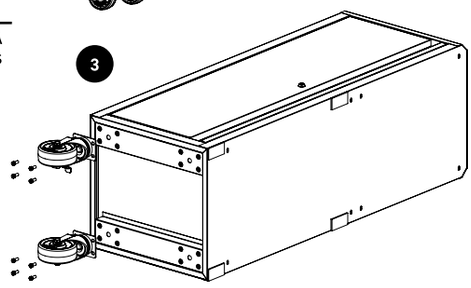
STEP 3:
With assistance, lay the side locker on its back and install the castors using the 8 x castor bolts provided. The castors should be installed on the opposite side of the locker that you intend to mount to the trolley. For example if you are mounting the side locker on the left side of a trolley, the castors would be installed on the left front and left rear of the locker. The locking castor should be installed on the front (door side) of the locker.

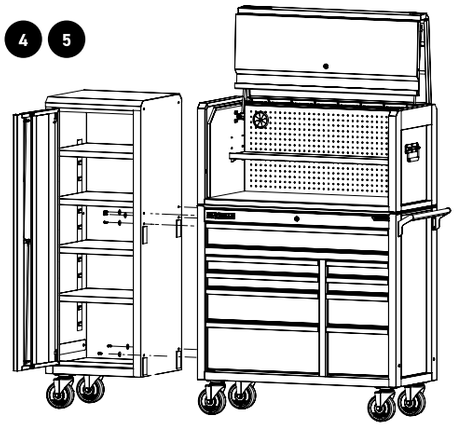
STEP 4:
Ensure the castor with the lock is in the locked position. With assistance, lift the side locker upright, open the door and balance on the castors while keeping the side locker level. While holding the side locker in position, move the trolley into position against the side locker.
Note: The side locker door can be removed completely to make this step easier if required. follow the steps below under "Reversing the Door" to remove.

STEP 5:
While holding in place, from inside the side locker use the 6 x provided hex bolts and wahsers to fasten securely.

STEP 6:
Install the Kincrome and Bluesteel badges.







REVERSING THE DOOR
The Side locker door can open in either direction depending on your preference.
Step 1: Open the side locker door, while holding onto the door to stop it from falling, pull the top and bottom door pins and lift the door off. Be careful not to lose the spacer on the bottom pin.
Step 2: Flip the door over to the opposite side. Insert the spacer onto what is now the bottom pin and repeat the previous step in reverse to reinstall the door on the opposite side.

SHELF ADJUSTMENT
Step 1: With an open hand, push up against the bottom of the shelf to disengage it from the locating tabs.
Step 2: Move the shelf to the desired position
Step 3: Push down on the shelf to lock it into the locating tabs

WARRANTY

2 YEAR WARRANTY

Our goods and services come with guarantees that cannot be excluded under the Australian Consumer Law. For major failures with the service, you are entitled: -to cancel your service contract with us; and -to a refund for the unused portion, or to compensation for its reduced value. You are also entitled to choose a refund or replacement for major failures with goods. If a failure with the goods or a service does not amount to a major failure, you are entitled to have the failure rectified in a reasonable time. If this is not done you are entitled to a refund for the goods and to cancel the contract for the service and obtain a refund of any unused portion. You are also entitled to be compensated for any other reasonably foreseeable loss or damage from a failure in the goods or service'. Kincrome Australia Pty Ltd of 3 Lakeview Drive, Caribbean Park, Scoresby, Victoria (Tel 1300 657 528) also provides the Kincrome Lifetime Guarantee and 12-Month Warranty (Kincrome Express Warranties) in respect of some of its products. If a product is covered by a Kincrome Express Warranty and it has materials or workmanship defects (other than defects caused by abnormal or non warranted use) which are covered under the terms of the relevant Kincrome Express Warranty, you can, at your cost, send the product to the above address for repair or replacement. Your rights under a Kincrome Express Warranty are in addition to any other rights you have under the Australian Consumer Law or other applicable laws. For further details and terms please check our product guide, visit www.kincrome.com.au or call us.
