Know Your Product

Specifications

Hose length:	15m
Hose diameter:	Ø12.3mm
Hose type:	PVC
Weight:	7.2kg

General Safety Warnings

SAVE ALL WARNINGS AND INSTRUCTIONS FOR FUTURE REFERENCE.

WARNING! Read all safety warnings and all instructions. Failure to follow the warnings and instructions may result in serious injury and/or death.

WARNING! The product is designed for use with a neutral cleaning agent supplied or recommended by the manufacturer.

The use of other cleaning agents or chemicals may adversely affect the safety of the product.

Wear a complete personal protective equipment when operating the product, such as boots, safety gloves, safety helmets with visor, and hearing protection. Use high-impact visors only with liquid splash protection.

WARNING! Do not use the product when people are within range unless they wear protective clothing.

Please read this instruction before beginning the installation, and carefully follow all instructions contained herein. Use proper safety equipment during installation.

WARNING! Do not mount onto hollow walls, drywall alone, or damaged plaster. The wall structure must be capable of supporting at least four times the combined weight of the mount and the equipment.

WARNING! When drilling into a wall, you face three primary “hidden” risks:

- a. Live Electrical Wiring: Accidental drilling into power cables can cause a fatal electric shock, electrical fires, or short circuits.
- b. Plumbing Pipes: Piercing a water or gas line can result in immediate, expensive flooding, structural water damage, or gas leaks.
- c. Structural Elements: Missing a timber or steel stud means you're the compact pressure washer wall mount will rely solely on weak hollow drywall, leading to catastrophic structural failure and toppling hazards.

WARNING! If mounting to studs, use a stud finder to find the centre of the stud.

CAUTION: This product is heavy and bulky. To prevent personal injury or damage to the equipment, a two-person team lift or mechanical lifting aid is required during handling and installation.

Please call a qualified builder for help if you:

- a. If you don't understand these directions or have any doubts about the safety of the installation.
- b. If you are uncertain about the nature of your wall, consult a qualified builder.

Do not use this product for any purpose or in any configuration not explicitly specified in this instruction. We hereby disclaim any and all liability for injury or damage arising from incorrect assembly, incorrect mounting, or incorrect use of this product.

Unpacking

Carefully unpack your pressure washer. Dispose of all packing material in accordance with your local council authority. Check for loose parts, missing parts or damaged parts. Modifications must not be carried out or accessories added.

What's in the Box

- 1 x Compact pressure washer gun
- 1 x 15m Flexible Anti-Kink hose

- 1 x M22-15 to M22-14 Adaptor
- 2 x Masonry anchor bolts
- 1 x Manual

Tools Required

- 1 x Phillips head screwdriver
- 1 x Hammer Drill
- 1 x 16mm Masonry Drill Bit
- 1 x Hammer
- 1 x 17mm Spanner

Assembly

PRESSURE WASHER WALL MOUNT & REEL

WARNING: Ensure the Pressure Washer is switched OFF and disconnected from the power socket before performing any assembly, adjustments or maintenance

Note: Always ensure that all connections are clean and free of any dust, dirt or debris before assembling any components of the Pressure Washer.

1. Invert the cleaning machine to remove the four bottom screws (Fig.1) (Fig.2).
Remove the connecting base from the frame and assemble it according to the figure (Fig.3).

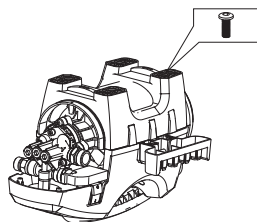

Fig.1

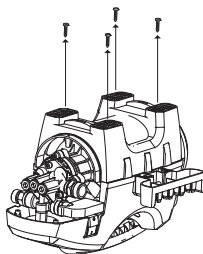

Fig.2

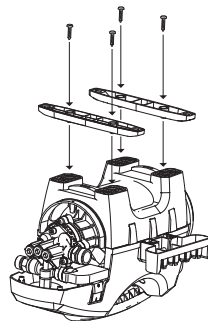

Fig.3

K16354

2. Install the gun bracket and operation panel on the frame as shown in the figure, securing them with screws (Fig.4) (Fig.5). Finally, mount the cleaning machine (with its base installed) onto the frame (Fig.6).

Note: All screws required for installation are located at the frame positions; remove them before proceeding with assembly.

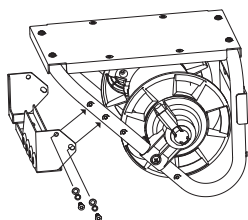

Fig.4

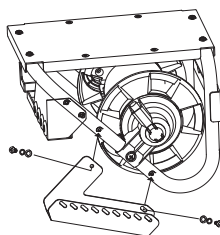

Fig.5

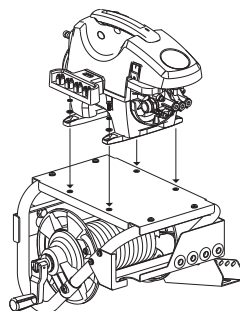

Fig.6

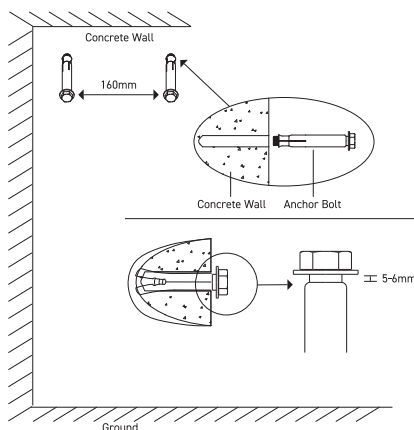

3. The frame must be secured to the concrete wall via anchor bolts.

Mark and Drill : Mark two holes on the concrete wall exactly 160 mm apart. Drill the holes using a 16 mm drill bit. Clean all dust out of the drilled holes.

Insert Anchors : Hammer the anchor bolts into the drilled holes until the sleeves are fully seated.

Set Clearance : Tighten the bolts, ensuring you leave a 5–6 mm clearance (gap) between the concrete wall and the bolt washer.

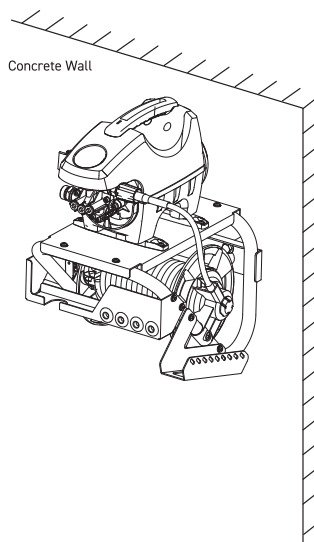

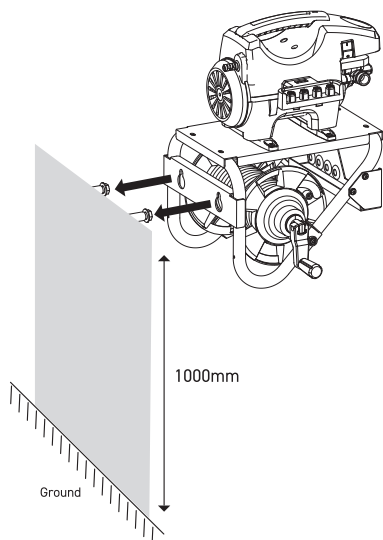

Note: Ensure the washer is positioned correctly on the nut side

K16354

4. Maintain a 5–6 mm clearance between the wall and the bolt washer.
Ensuring the washer is placed on the nut side of the assembly, hang the frame onto the anchor bolts using the mounting holes located on the rear panel.
Tighten the bolts securely with a 17 mm spanner.

Note: The recommended mounting height for the machine is 1000 mm from the ground.

CARING FOR THE ENVIRONMENT

When the Compact Pressure Washer Wall Mount is no longer usable it should not be disposed of with household waste, but in an environmentally friendly way. Please recycle where facilities exist. Check with your local council authority for recycling advice. Recycling packaging reduces the need for landfill and raw materials. Reuse of recycled material decreases pollution in the environment. Please recycle packaging where facilities exist. Check with your local council authority for recycling advice.

WARRANTY

Our goods and services come with guarantees that cannot be excluded under the Australian Consumer Law. For major failures with the service, you are entitled: -to cancel your service contract with us; and -to a refund for the unused portion, or to compensation for its reduced value. You are also entitled to choose a refund or replacement for major failures with goods. If a failure with the goods or a service does not amount to a major failure, you are entitled to have the failure rectified in a reasonable time. If this is not done you are entitled to a refund for the goods and to cancel the contract for the service and obtain a refund of any unused portion. You are also entitled to be compensated

for any other reasonably foreseeable loss or damage from a failure in the goods or service'. Kincrome Australia Pty Ltd of 3 Lakeview Drive, Caribbean Park, Scoresby, Victoria (Tel 1300 657 528) also provides the Kincrome Lifetime Guarantee and 12-Month Warranty (Kincrome Express Warranties) in respect of some of its products. If a product is covered by a Kincrome Express Warranty and it has materials or workmanship defects (other than defects caused by abnormal or non warranted use) which are covered under the terms of the relevant Kincrome Express Warranty, you can, at your cost, send the product to the above address for repair or replacement. Your rights under a Kincrome Express Warranty are in addition to any other rights you have under the Australian Consumer Law or other applicable laws. For further details and terms please check our product guide, visit www.kincrome.com.au or call us.
